14 Oct 80

From: Gary

1. [] has agreed to stop by Merrywood tomorrow at 1030. I can't contact [] personally, but left a message with his secretary that you would appreciate it if he could stop by at 1045 -- and the reason you wanted to meet with him. As of COB today he had not returned my call. *M*

2. Re the Women in Government Relations reception for Cabinet Members/Agency Commissioners on the 30th of Oct. They advise that, since they are a non-profit organization (and hence make no money on the affair), wives are "not encouraged" to come and out-of-town guests are definitely a no-no. Shall I regret?
